And Victor - it will just be Ballona, not Centinela. We may start addressing that in the next round.

All - we are confirmed for 4/17. I will send out an invite today.

Victor, Public Works understands the intentions for these encampment cleanups and the constraints associated with the PEH outreach services.

The main reason for our request to go back to the east bank south of the 405 Freeway across from the McCollum Avenue (and other new sites) was to respond to homeowner's request during the Feb. 19 Monthly Bike Path meeting. I know a few agencies didn't make it to that meeting.

PEH folks displaced during the Feb. 15 Caltrans cleanup behind the 405 Fwy moved to our r/w across from the McCollum Avenue and some other locations. Unfortunately, our crews were on their regular day off when we received the notice and were not able to be present at that time. By Feb. 19, the encampment grew much bigger. Attached is a recent photo of one of the encampments.

Public Works is fine not going back downstream of the 405 Frwy but we need LAHSA and the City of LA to let the homeowners know.

We received confirmation from the Culver City PD (Thank you!) that they will provide support during our cleanups upstream of the 405 frwy and will move forward.

Subject: RE: Ballona Creek Multi Jurisdictional Task Force Standing Call

Hi Jemellee and Jasson,

Just wanted to check in to confirm the plan for April 9. My original understanding was that this would only include encampment along Ballona Creek between the 405 and the 10 freeways. That is what our outreach teams have been preparing folks for.

I also just want to clarify our intended outcomes from the clean-ups. There is a severe shortage of shelter beds, affordable housing units and permanent supportive housing units across the City and the County of Los Angeles, so outreach teams really don't have a lot of viable options to offer in terms of alternative locations for people to sleep at this time. Therefore, I don't think our intention with these clean-ups should be to permanently displace folks from the areas where they have been sleeping. Rather, I understood our intention to be about maintaining the health and safety of the community by clearing trash and biohazardous materials that may accumulate when people do not have a place to dispose of their trash or relieve themselves. If we are trying to prevent folks from returning to the Creek, that will displace them into the surrounding neighborhoods and communities, which I do not think should be our intention.

With that said, let me know if we are trying to provide another clean-up for areas west of the 405 freeway on April 9, so that we can adjust our outreach strategy and talking points.

Thanks,

Good morning, everyone! Our hazmat contractor confirmed availability for the 4/9 cleanup.

Culver City PD: Kindly confirm if you'll be able to assist us with the proposed scheduled 2 postings and during the actual cleanup upstream of the 405 freeway. If not, pls. let us know your availability.

Officer Javier (LAPD): would you or your team be available to assist Jasson's crew for the reposting and 2nd cleanup downstream of the 405 freeway? Also, some part upstream of the 405 freeway (east bank) is within the City of LA.

Ben (Caltrans)/Jasson (DPW): kindly coordinate directly re: Caltrans/DPW r/w.

Thank you all. Have a great day.
